## Cast Iron Bars

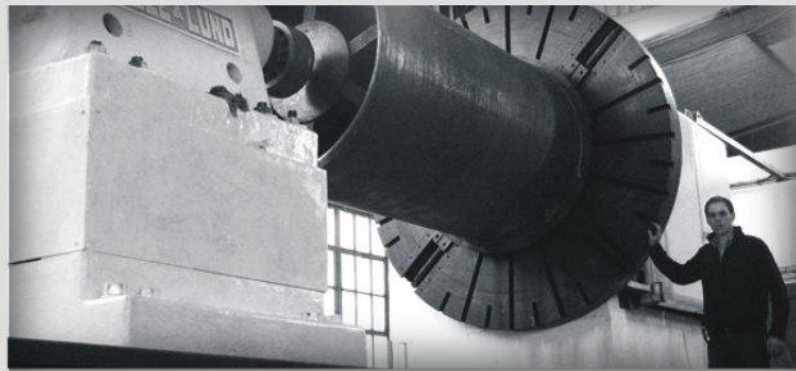

### Cast Iron Bars for Africa

Should you urgently require Cast Iron Bars, which are cut to size, be sure that we will promptly deliver the necessary. Honingcraft stocks a large quantity of all standard diameters (40mm - 300mm) and can provide larger diameters on special request (up to 400mm).

## Machining

### Bigger Machines for Better Service ability

Being able to machine parts with outside diameters from 50mm-3500mm and lengths of up to 15 meters, we are proud to say that Honingcraft is one of a very few companies in Africa with this capacity.
